All of the above estimates assume that the Promotional Purchase is the only balance on your account during the entire promotional period.

**\*0% interest with equal monthly payments for 36 months on in-store purchases of \$1599+ made with your Family Farm & Home credit card. Promo fee of 2% of amount financed will be included in required monthly payments.**

Qualifying purchase amount must be on one receipt. Discounts may result in the qualifying purchase amount not being satisfied. Excludes gift cards. A promo fee, equal to 2% of the amount financed at time of purchase, will be shown as a separate transaction on your billing statement and included in the balance subject to this promo. Any taxes, delivery or other charges included in the amount financed will increase the related promo fee and the required monthly payments. For example, a \$950 purchase with \$50 in taxes and shipping costs, will be charged a promo fee equal to \$20 and \$1,020 will be charged to your account. No interest will be charged on the amount financed (including related promo fee), and equal monthly payments are required on such balance until it is paid in full. The payments equal the amount financed (including related promo fee) divided by the number of months in the promo period, rounded up to the next cent. These payments may be higher than the payments that would be required if this purchase was a non-promo purchase. During the last month(s) of the promo period the required monthly payment may be reduced due to the prior months' rounding. Regular account terms apply to non-promo purchases. For new accounts as of 07/16/2024: Purchase APR is 34.99%. Penalty APR is 39.99%. Minimum Interest Charge is \$2. Existing cardholders: See your credit card agreement terms. Subject to credit approval.

**✓ The Required Equal Monthly Payments shown:**

Equal the Amount Financed (including related promo fee) divided by the number of months in the promo period, rounded up to the next cent and may be higher than the payments that would be required if this purchase was a non-promo purchase. Although estimated monthly payments shown will be rounded up to the next whole dollar (for ease of display), your actual required equal monthly payment will be rounded up to the next cent on your billing statement. During the last month(s) of the promo period the required monthly payment may be reduced due to the prior months' rounding. Any estimated required monthly payments shown in connection with this promotional offer should allow you to pay off the

Amount Financed (including related promo fee) within the Promo Period if:

- You make your payments by the due date each month, and
- This is the only balance on your account during the Promo Period.

If you have other balances on your account, this monthly payment will be added to the minimum payment applicable to those balances. Regular account terms apply to non-promo purchases. New Accounts as of 7/16/24: Purchase APR 34.99%. Penalty APR 39.99%. Minimum Interest Charge \$2. Existing cardholders: See your credit card agreement terms. Subject to credit approval.
